EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Harris, Reg # 39465 on 2/2/05.

The application has been amended as follows:

As claim 13, line 4, "route select request" has been replaced with – request for selecting an alternate communications path --.

As claim 18, line 1, "path optimizer and modifier" has been replaced with – a route selector --.

As claim 18, line 4, "route select request" has been replaced with – request for selecting said alternate communications path --.

2. The following is an examiner's statement of reasons for allowance:

As claims 1-6, 13-17 and 23-29, the prior arts in the record fail to disclose a method and system for computing the alternate communications path by supplementing the resources available in the network with the network resources used by the current communications path in non failure state and transmitting the data packets within a structure of the independent claims 1, 13 and 23.

As claims 7-12 and 18-22, the prior arts in the record fail to disclose a method and system for computing the alternate communications path by removing the network resources reservations used by the current communications path from a network topology database in non failure state and transmitting the data packets and restoring the network topology database to reflect again the network resources reservations used by the current communication path within a structure of the independent claims 7 and 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven HD Nguyen whose telephone number is (571) 272-3159. The examiner can normally be reached on 8-5.
